Telegraphic Address: "FRASER, PERTH"

## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

(a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.

(b) If the option to re-test is given, the Purchaser may require the following Tests—

(i) Single Intradermal Comparative Test for Tuberculosis;

(ii) Agglutination Test for Contagious Abortion; and

(iii) Complement Fixation Test for John's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

**Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.**

(c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.

- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).
- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to

return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

#### **9. Brucellosis (Accredited Herds) Scheme**

All animals exposed for sale, except those in the Brucellosis Accredited Section, irrespective of age and vaccinal status must have passed a blood test (S.A.T.) for Brucellosis at an approved Laboratory, at less than 30 I.U. (++++) 1/10) of antibody within 14 days of the first day of the Sale. (A certificate to this effect must be made available to the Market Authority at the time of the entry to the Sale.)

Movement of cattle to the Accredited Section will be by permit (BES 13) obtained from the appropriate Divisional Veterinary Officer.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing

agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

#### 15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (c) The Auctioneers shall be entitled to charge against the owner one per cent, on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## THE DRON HERD

The herd was originally founded in 1917 by the present owner's father. As numbers recently are increasing, and as a consequence outgrowing the capacity of the farm on which they are reared, to maintain the herd in increasing numbers, it has proved necessary to hold this reduction sale.

Only sires of the highest merit have been used in the herd, irrespective of price paid, with correspondingly successful results.

Numerous bulls have been exported at substantial figures.

Numerous championships and prizes have been won, both at national and local shows. In 1966 the supreme championship was won at Perth Bull sales by Dron Avalanche, selling for the top price of 4600 guineas. More recently, in 1968, the female championship was won at the Royal Highland and Agricultural Society's Show at Edinburgh; and again, in 1969, at the Royal Highland, the male and supreme championships were won, both with home-bred animals.

The cattle are being shown in natural condition.

Service and calving dates have been given up to the time of the catalogue going to print, and any subsequent dates will be given at the time of sale or shortly beforehand.

This sale will provide purchasers with a unique opportunity of buying foundation stock, or of enriching their own herds, with heavy-milking, sound, healthy, well-bred stock, "Brucellosis Accredited."

**Purchasers will oblige by completing and handing to  
the Auctioneer at time of purchase.**

The herd was originally founded in 1917 by the present owner's

father, who was a pioneer in the dairy industry. The herd was  
originally composed of a few cows and a bull, and it has since  
grown to its present size of about 100 head.

The herd is now owned by the present owner, who has been  
in the dairy business for over 40 years. The herd is well  
managed and is producing a large quantity of milk.

The herd is composed of a number of different breeds, including  
Holsteins, Jerseys, and Guernseys. The herd is well  
bred and is producing a large quantity of milk. The herd is  
well managed and is producing a large quantity of milk.

The herd is well managed and is producing a large quantity of  
milk. The herd is well managed and is producing a large quantity  
of milk. The herd is well managed and is producing a large  
quantity of milk. The herd is well managed and is producing a  
large quantity of milk. The herd is well managed and is  
producing a large quantity of milk. The herd is well managed  
and is producing a large quantity of milk. The herd is well  
managed and is producing a large quantity of milk. The herd is  
well managed and is producing a large quantity of milk. The  
herd is well managed and is producing a large quantity of milk.

The Owner is the Breeder unless otherwise mentioned.

3 d 240857 Trixie Averno by Cruggleton Agleam 303837 A. J. Marshall

4 d 180211 Tilda Averno by Rodosto 266326 J. Durno

5 d 160480 Regal Averno by Cruggleton Prince

Marcus 250116 A. J. Marshall

Warranted a stock-getter in terms of Article 8 of the Conditions of Sale.

Kair Marcellus was selected for the Baldowrie Herd because he had tremendous strength of bone and much substance. His sire, dam and ancestors on both sides have all been animals of exceptional size and substance.

Ballathie Angel Averno was Pixie Averno's last calf—born when she was 15 years old.

Date of last Herd Test—7th March, 1969.

## REFERENCE TO SIRES

### ALDIE

ALDIE IMMACULATE (361178)—sire, Pittodrie Regalia (322951)—was a grand, deep bred bull with tremendous bone and substance. He was a very good breeder, many of his sons going overseas.

### ARDBENNIE

ARDBENNIE KEYSTONE (27377)—sire, Bapton Crocus Robin (22174); dam, (91620) Pittodrie Rhode Blossom by Beaufort Captive (6063).

Ardbennie Keystone was purchased at Perth in February, 1966, for 1500 guineas after being judged junior and reserve supreme champion. Bapton Crocus Robin needs no further comment. Pittodrie Rhode Blossom has been one of the most successful females at Ardbennie, and in addition to Ardbennie Keystone, she is the dam of Ardbennie Red Robin (620 guineas to Argentina), Ardbennie Justifier (1000 guineas to Argentina) and of two daughters which have been retained in the herd. His first crop of calves were sold at Perth in February, 1969, and proved very successful.

### BAPTON

BAPTON CROCUS ROBIN (22174)—sire, Bapton Brave Robin; dam, Bapton Mary Crocus.

Bapton Crocus Robin was 2nd in his class at Perth in 1963, when he was purchased for Ardbennie at 3500 guineas. His sire, Bapton Brave Robin, a massive bull, with tremendous bone, was a double grandson of Bapton Constructor, whilst his dam, Bapton Mary Crocus, an outstanding female of this famous Bapton Crocus family, among her many show successes, won four supreme championships. She was by Bapton Enterprise, who sold for £12,000 in the Argentine in 1953. His first crop of calves at Perth in February, 1965, averaged just over £2000, making him the top sire of that year, and, in 1966, he sired Ardbennie Keystone, junior and reserve supreme champion, and sold for 1500 guineas. In 1968 another son, Ardbennie Loch Broom, sold at Perth in February, became reserve male champion at the R.A.S.E. Show and supreme breed champion at the Great Yorkshire Show. At Perth in 1969 another son, Ardbennie Minstrel, was reserve two-year-old champion and sold for 1400 guineas, the top price of the sale. Bapton Crocus Robin died in September, 1968.

### BURNTON

BURNTON SANTA CLAUS (26092), born 21st May, 1964—sire, Beaufort Graduate; dam, Burnton Eliza Pearl.

Burnton Santa Claus, a massive white bull with tremendous bone, was purchased at Perth in February, 1966, when he was 2nd in his class, for 2200 guineas.

## CALROSSIE

**CALROSSIE PANORAMA** (19970), purchased at Perth for 3200 guineas, has proved an outstanding breeder of males and females, his gets being beautifully fleshed, with plenty of scale and substance. Amongst numerous others, he sired **Dron Avalanche**, 1st in his class at the Royal Highland Show at Edinburgh in 1965 and winner of the Emilio R. Casares, Junr., Memorial champion Cup; also 1st in his class, two-year-old champion and supreme champion at Perth February Sales in 1966, selling for the top price of 4600 guineas to Señor Francisco Vila Moret, Buenos Aires. He also sired **Dron Adrian**, 1st in his class and reserve two-year-old champion at Perth in 1966, selling for 1600 guineas to Col. Wood, Heigholme Hall, near Hull; and **Dron Arbiter**, 1st in his class and winner of the South Africa Trophy at Perth in 1965, selling for 1500 guineas to Señor Flores Piran, who subsequently resold him in the Argentine for £4200; also **Dron Accountant**, 1st prize winner, male champion and supreme champion at the 1969 Royal Highland Show in Edinburgh. His female gets have acquitted themselves most successfully in the show ring, winning both at national and local shows.

## COLLYNIE

**COLLYNIE ELECT** (286949) was purchased for the Dron Herd in 1943 at the Perth February Sales, where he was reserve junior champion. He proved a very good breeding bull, his female gets in turn proving outstanding breeders.

## CRICHTON

**CRICHTON BLANCO** (13944) was purchased at Perth in 1958 for 1350 guineas and has proved a most successful sire, his progeny being very mellow fleshed, full of breed character, well grown, allied to tremendous bone and substance. Amongst numerous others he sired **Dron Zodiac**, senior champion at Perth in 1964, selling for 1800 guineas; **Dron Dorothy Yasmin**, who twice won her class at the Royal Highland Show at Edinburgh in 1962 and 1963, and was 1st at the R.A.S.E. Show at Newcastle in 1962, and female and supreme champion at the Perthshire Agricultural Show in 1963; **Dron Princess Xtra**, 1st and female champion at the Royal Highland Show and 1st and female champion at the Perthshire Agricultural Show, in 1968; also the sire of **Dron Princess Xandra**, dam of **Dron Avalanche**, who was supreme champion in 1966, selling for 4600 guineas.

## GLENFARG

**GLENFARG MARSHAL** (3824)—sire, **Erimus Gallant** (387742)—was purchased as a calf, five months old, for 550 guineas at the Glenfarg Dispersal Sale. His dam was by the great breeding bull, **Cruggleton Braemar** (344560). A beautiful red with tremendous size, bone and substance, his gets, both male and female, were most impressive.

## KAIR

**KAIR MARQUIS** (26100) was withdrawn at Perth February Sales in 1966 at 2800 guineas. He was subsequently purchased privately for a substantial figure. He is being used extensively in the Dron Herd with very promising results.

## LOUADA

CONSTRUCTOR (P) (137), red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) is regarded by many as one of the best-headed Polled Shorthorn bulls in the breed to-day. He is a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he is the only polled bull in the world by the great Bapton Constructor, and is from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who was 1st at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He has been used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glenlake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. He was sold to Major The Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle.

## MILLHILLS

MILLHILLS ZENITH (323046), by the famous breeding bull, Collynie Elect (286949), which was purchased for the Dron Herd in 1943 at the Perth February Sales, where he was reserve junior champion. He proved a very good breeding bull, his female gets in turn proving outstanding breeders.

## WESTDRUMS

WESTDRUMS ELORDY (372206)—sire, Cluny Brave Command (350739)—was 1st in his class at Perth February Sales in 1950, where he was purchased. He bred very well, many of his gets going for export at high figures, including Dron Quartern at 2100 guineas, subsequently reselling for 6600 guineas.

# The Beef Shorthorn Cattle Society

Telephone: Perth 23471

17 York Place,  
Perth.

23rd December, 1969.

Dear Member,

I draw your attention to forthcoming events and other matters.

## ANNUAL GENERAL MEETING.

The Thirty-Fourth Annual General Meeting is scheduled to be held in the Station Hotel, Perth, on Monday, 9th February, 1970, commencing at 5.30 p.m., when I trust you will find it convenient to attend. A copy of the Annual Report and Accounts will be sent in due course.

## ANNUAL DINNER/DANCE.

The Society's Annual Dinner/Dance will be held on the evening of Monday, 9th February, in the Station Hotel, Perth, at 7 p.m. for 7.30 p.m. Tickets, price £2:10/-d. will be available shortly and Members are requested to make early application in order that the Hotel can be advised of the likely numbers to be in attendance. The success of this event rests on your support, and it is hoped that as many Members and their guests as possible will attend.

Kindly note that tickets should be produced as arrangements have been made for their collection at the Dinner.

## HERDSMAN'S SOCIAL.

This function will be held in York House, York Place, Perth, on Monday evening 9th February, 1970, commencing 7.30 p.m. There has been a slight falling off in attendance in recent years and the fullest support of all Herdsmen is solicited.

Tickets, price 17/6d. each are available from this office on application.

## ANNUAL SUBSCRIPTION.

Your Annual Subscription which Members are reminded is £2:2/-d., is now due, and if it has not already been sent, I shall be pleased to receive your remittance at your earliest convenience. The day to day working of the Society depends on prompt payment of Subscriptions.

## "BEEF SHORTHORN RECORD".

I would like to take this opportunity of thanking those Members who reserved advertising space in this year's issue of the "Record".

In order to reduce costs, I would ask those Members who have not advertised in previous issues to give serious consideration to doing so in the next issue.

## FEBRUARY SHOW AND SALE, 1970, - PERTH.

Will be held on 9th and 10th February.

Changes in condition of sale: Will all Breeders who have entries please note that all bulls whether from Accredited herds under the Brucellosis Eradication Scheme or not, must have been subjected to and have passed within 30 I.U. (+++1/10) within 14 days prior to the date of sale.

## MARCH SHOW AND SALE, 1970 - PERTH./

- 2 -

MARCH SHOW AND SALE, 1970 - PERTH.

Will be held on Wednesday, 18th March. Closing date for entries is 16th February, 1970.

THE SCOTCH SHORTHORN by T.B. MARSON.

Copies are still available from this office, price £1, in U.K. and £1:5/-d. overseas, including postage.

AUCTION SALE OF BRITISH BEEF BULLS.

The following is an extract from Messrs. John Thornborrow & Co., 11 Priory Terrace, Leamington Spa, Warwickshire:-

"You may recall that we wrote to you in January, 1968, regarding a proposal to stage an auction sale of Beef Bulls, of various breeds, in conjunction with the "Beef '68" Demonstration at Harrogate in May. As you know, this Demonstration was postponed because of the Foot and Mouth epidemic and the possibility of holding such a sale on this particular occasion therefore lapsed.

We believe that there are considerable commercial possibilities in this idea of such a sale however, and have been encouraged in this belief by the reactions of various breeders. In particular, the prospects of breed extension which participation would present should be of interest to the smaller, and more localised beef breeds of this country. We therefore propose to stage a sale at the National Agricultural Centre, Stoneleigh, Warwickshire, during September, 1970, in which there would be classes for all native British Breeds. It is anticipated that this would provide an outlet primarily for crossing bulls rather than animals of superior breeding merit which will, of course, continue to be sent to the various breed sales.

We should be most grateful if you would let us know whether our proposal would be of interest to any of your members. If your Council feel that the idea has possibilities, your assistance in acquainting your Members of the sale would also be much appreciated. I will send you a Schedule on learning of your interest".

Will those interested, kindly contact Messrs. John Thornborrow & Co., direct.

FEBRUARY SHOW AND SALE, 1971.

We have been approached by the Aberdeen-Angus Cattle Society, enquiring whether we would be interested in a joint Show and Sale in 1971. They write as follows:-

"Following a Meeting of my Council this week, the question of the Perth February Bull Sale 1971 was actively discussed.

It was unanimously agreed that this sale would be fully accredited under the current Ministry Brucellosis (Accredited Herds) Scheme. With this in mind, I have been asked to sound out the feelings of your Board of Directors on the question of a joint sale with our Society during this week.

Further, that supervised cattle of both breeds be sold during the following week, normally reserved for your own sale and show. My Council feel that this will provide buyers, particularly from overseas, with the opportunity of inspecting both breeds in the short space of time whilst providing the vendors of cattle under the supervised status with an equal chance of selling to the best possible advantage".

This matter will be discussed by your Directors on 9th February, 1970, but in the meantime if any Member has any definite views on the subject will they/

they kindly write in to this office before 31st January, 1970.

AUTUMN SALE LIST.

For your information a list of buyers is enclosed for the Autumn Show and Sale.

Yours sincerely,

  
Secretary.
